

Concept of the Cross-border Territory of Priority Development (CTPD)

Map of the Tourist Flows

Transporting of Commercial Goods by Individuals from China to Russia

Reasons

- The amount of customs duties for imported goods is 4 euros per 1 kg, if goods are for the commercial use;
- Many Chinese-made products for official cross-border movement cannot pass certification, such goods move the Russian Federation with the help of individuals.

Consequences

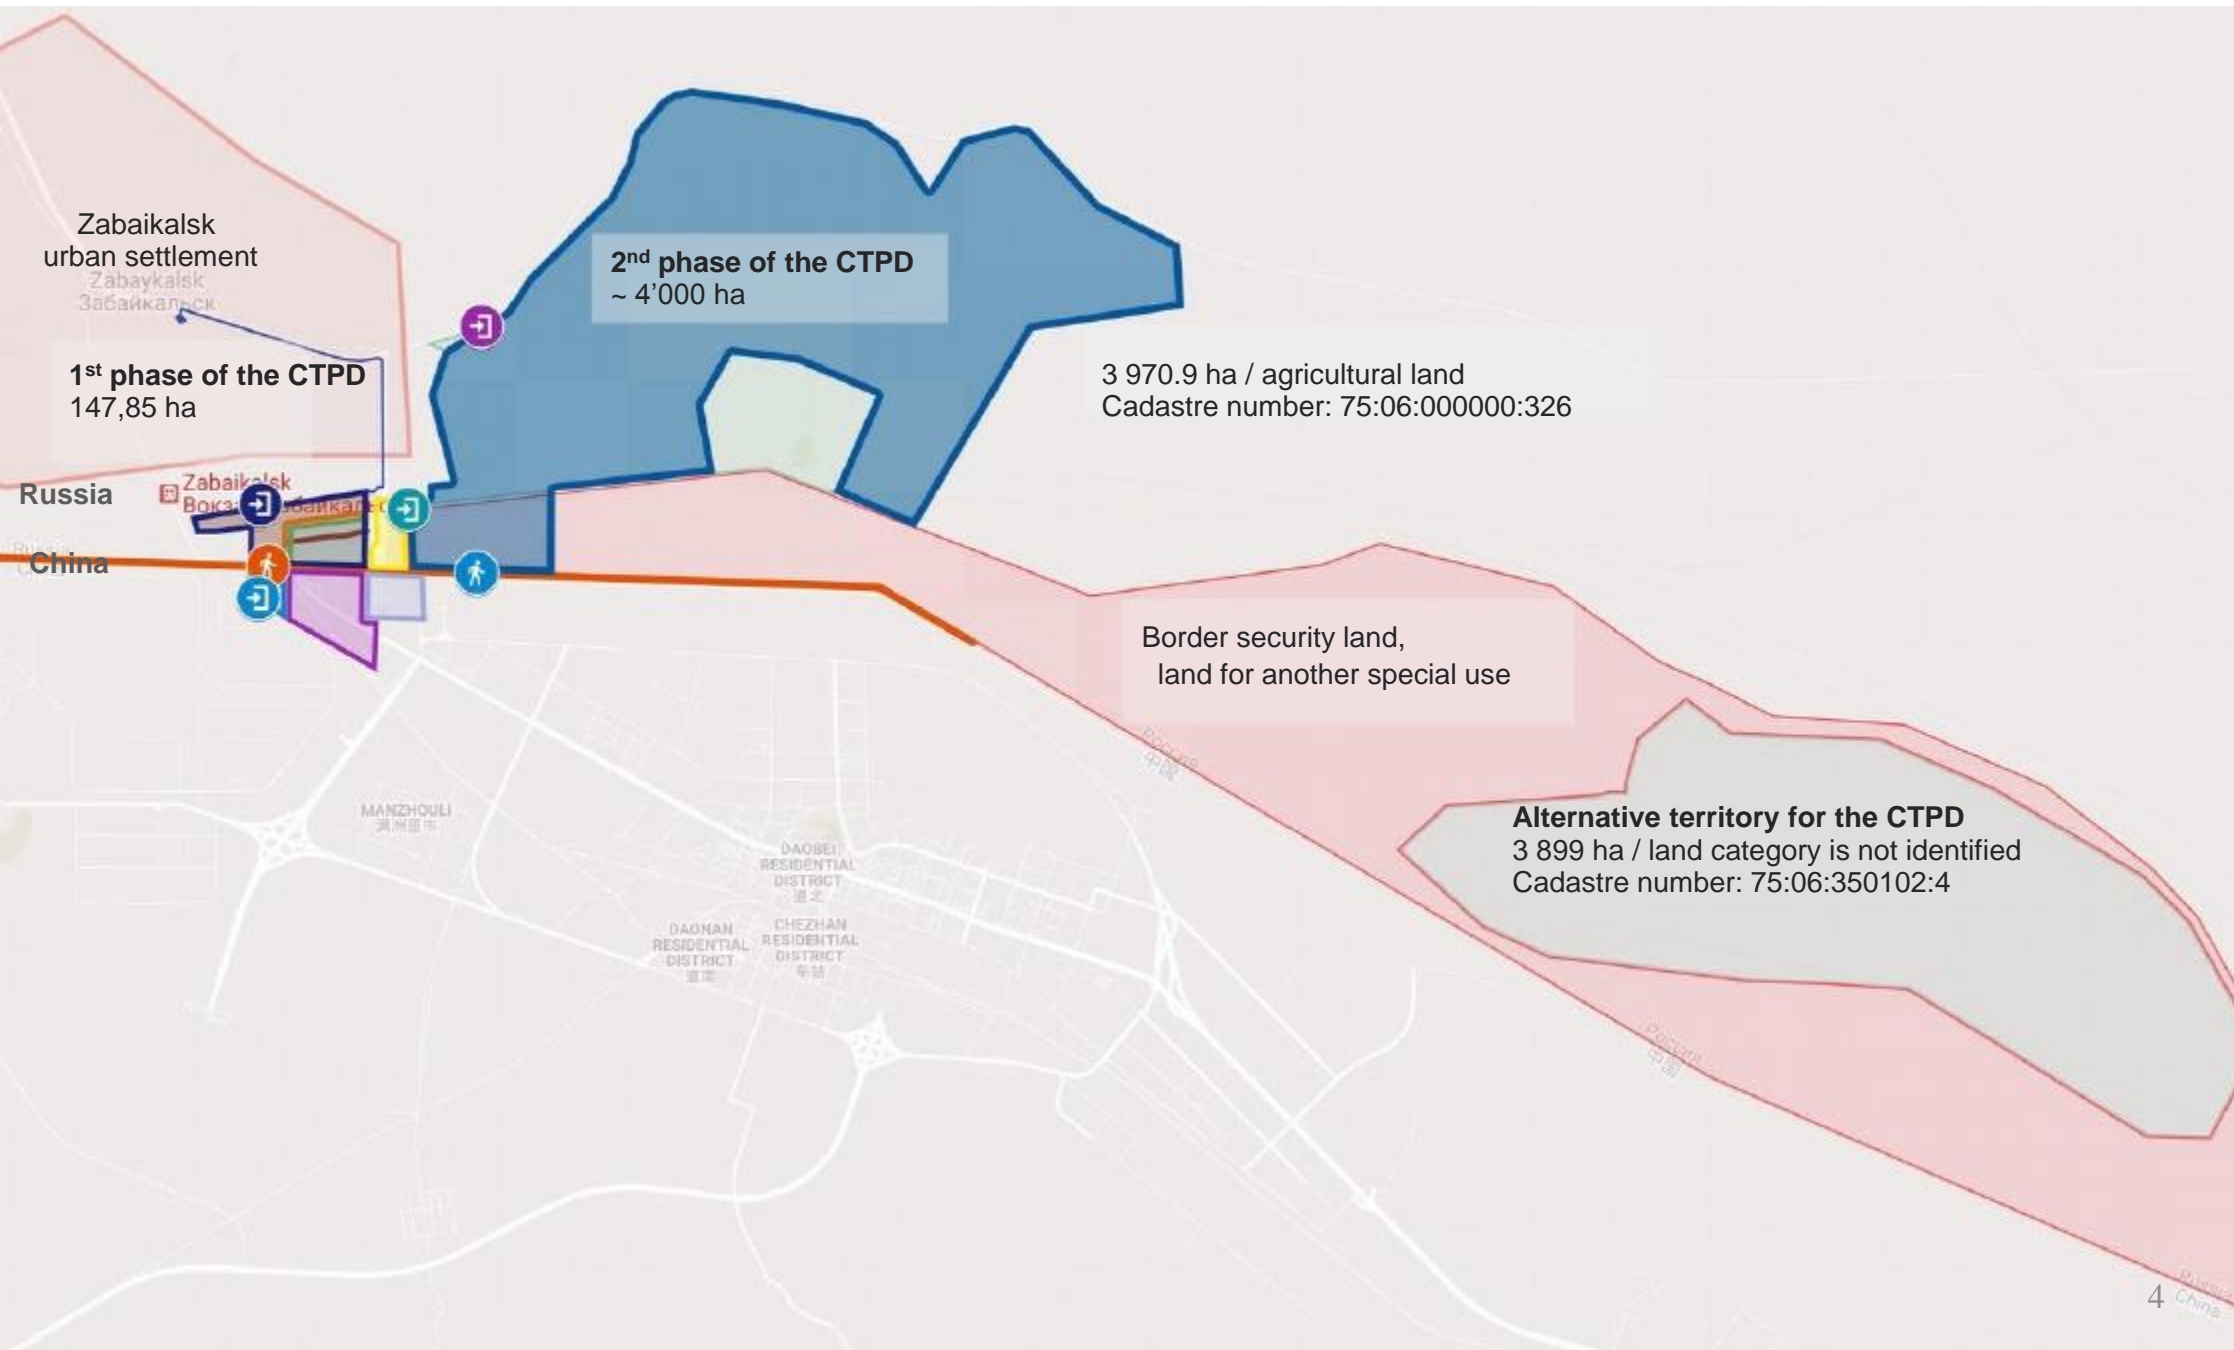

- Approximately, the citizens of the Russian Federation involved cross the border through the “Zabaikalsk” border crossing point from 600 to 700 thousand times a year;
- Estimated volume of goods transported per day is up to 80 tons (360 railcars per year);
- Individual income for trip is 1500-5000 rubles;
- The total number of employees is about 1 thousand residents of the border areas of Zabaikalsky Region;
- Total value of goods transported across border – 37.5 billion rubles a year.

Total losses of the federal budget – 8 520 mln rubles per year
